All students in 7th, 9th and 11th grade (for the 2013 - 2014 school year) must take the concussion test regardless of when they took it last. Students in 8th, 10th, and 12th grade (for the 2013 - 2014 school year) do not need to take the concussion test as long as they took it at North Allegheny sometime during the 2012 - 2013 school year (or spring of 2012 for fall sports). Baseline tests taken at a Pediatrician's office are not acceptable for sports at North Allegheny.
