## THE DR. LAWRENCE BOZZOMO AWARD FOR DISTINGUISHED CAREER ACHIEVEMENT

### Mark Donovan

*2021 Recipient*

*Class of 1984*

Entering his 23rd season in the National Football League and his 13th season in Kansas City in 2021, Mark Donovan was named the fifth president in Chiefs history in January 2011 after serving two years as the club's chief operating officer. As president, Donovan is responsible for all aspects of the club's business operations and reports directly to Chairman and CEO Clark Hunt.

Donovan brings unique experience and perspective to the team. He is one of only a few executives league-wide who has worked both at the NFL league office and for a club, with valuable perspective and strong relationships both in the Kansas City area and on a national level. Building on the direction of the Hunt family and Founder Lamar Hunt, Donovan has led the focus on the Chiefs fan experience. The team has emerged as a league leader in fan engagement by introducing technology-based solutions and celebrating the traditions and fan rituals that make GEHA Field at Arrowhead Stadium special.

That commitment to the fans was on full display in 2020 as the Chiefs worked with the NFL and the City of Kansas City Health Department to develop a detailed, stadium-wide COVID plan to safely host fans in a limited capacity. GEHA Field at Arrowhead Stadium was one of 21 NFL venues to host fans at any point during the 2020 season and was one of just six stadiums to host fans at all home games in 2020. This resulted in nearly 106,000 fans at regular season Chiefs games, accounting for nearly 9% of the NFL's total regular season attendance (1.2 million). Kansas City was the first NFL team to welcome fans back in-stadium with a pair of exclusive Season Ticket Member practices during training camp. The club then opened the season with fans in the stands for the NFL Kickoff Game in Week 1 and bookended the season as the last non-Super Bowl site to host fans for a game at the AFC Championship Game. After introducing ticketless technology in 2012-13 and expanding to mobile ticketing for the 2015 season, the club moved to an all-digital ticketing platform in 2018 and an allmobile ticketing platform in 2020 to ensure efficiency and security, as well as delivering a contactless entry process for all ticketholders. Fans are able to manage their accounts and tickets from their phones while having access to membership benefits such as exclusive content and a points-based rewards program.

Donovan has consistently focused on expanding the multi-media presence of the Chiefs. Kansas City's awardwinning production group, 65 Toss Power Trap Productions, has continued a trend of content expansion on the Chiefs website, mobile app, social platforms and digital channels. In 2019, the club debuted *The Franchise*, a multi-episode digital content series taking fans behind the scenes during the team's Super Bowl season. To follow up on *The Franchise*, the club introduced *Kingdom Shorts* in 2020, providing fans shorter video snapshots into a number of team initiatives throughout the coronavirus-impacted season.

In addition to connecting Chiefs fans to the team they love, Donovan has overseen a period of tremendous business growth, re-establishing GEHA Field at Arrowhead Stadium as a popular venue for sports and entertainment. He serves as the President of Arrowhead Events, LLC, the special events arm of the Kansas City Chiefs. Arrowhead Events has seen exponential growth over the past decade, bringing several major events to Kansas City. The city of Kansas City, along with support from the Chiefs, was awarded the 2023 NFL Draft through a bid process that was announced prior to the 2019 NFL season. In addition, the Chiefs, alongside a number of local business and civic leaders, are also in the bid process to bring 2026 FIFA World Cup matches to Kansas City, with GEHA Field at Arrowhead Stadium serving as the proposed match site. The Chiefs have also announced the opening of two fitness center concepts in partnership with M6 Football. Chiefs Fit will have locations in both the Country Club Plaza and in Overland Park, Kansas, by the start of 2022. In his time in Kansas City, Donovan has also created a new approach to sponsorships, setting a strategy to partner with companies which share the vision, qualities and values of the Kansas City Chiefs. In 2017, the Chiefs were recognized by the Kansas City Business Journal as a Champion of Business for leadership within industry, innovation and commitment to giving back to the community. In 2019 the Chiefs announced a partnership with Government Employees Health Association, Inc. (GEHA) and in 2021, Donovan helped the club expand that partnership and secure the first naming rights agreement in the history of the franchise for GEHA Field at Arrowhead Stadium.

Locally, the Chiefs continue to be a major economic leader in the Kansas City community. Chiefs games and other events at GEHA Field at Arrowhead Stadium generate more than \$625 million annually, including \$273 million in household income. They also support nearly 6,000 jobs and provide \$17 million in annual tax revenue for the State of Missouri.

His leadership extends to the community, where he has initiated a more strategic approach to the Chiefs charitable giving and community involvement, allowing the team to focus resources for greater impact. This approach has identified a handful of causes: feeding the hungry in the region, children's health and wellness initiatives and providing support for families and children in crisis. The Chiefs Charity Game, one of the many Kansas City traditions started by the Hunt family, is the longest-running and most successful charity game in the National Football League.

Donovan and his wife Kathy are also personally committed to the community, serving in numerous civic and charitable leadership roles. He served two terms as the Founding Board Chair for City Year Kansas City beginning in 2016 and remains on the board. For his support of City Year, AmeriCorps and the national service community, Donovan was awarded the Citizen Service Award by Voices for National Service in February of 2019. In the past few years, the couple has chaired the 2020 Angel Gala for The Children's Place, the 2019 City Year Gala as well as Treads and Threads 2019 to benefit The University of Kansas Health System. Donovan served as the keynote speaker for the United WE Champion Breakfast in 2021 as an ally to raise funds and awareness for the advancement of women's economic and civic leadership. Kathy Donovan serves on United WE's Board of Directors. He was also recognized as the 2021 Executive of the Year by the Kansas City Sports Commission, largely for his leadership in safely navigating the organization, the stadium and Chiefs fans through the COVID-impacted 2020 football season.

Donovan arrived in Kansas City after six years with the Philadelphia Eagles as Senior Vice President of Business Operations (2003-08). Prior to joining the Eagles, Donovan held leadership roles as the NFL's Senior Director of Sales and Marketing (1999-2003) and the Director of Sales and Marketing for the National Hockey League (1997-99). He also brings seven years of experience in the private business sector.

The Pittsburgh, Pennsylvania, native graduated from Brown University with a double major in political science and organizational behavior/management. He captained the Brown football squad as the team's quarterback and signed with the New York Giants as a free agent upon graduation. He and his wife, Kathy, have two children and reside in Kansas City.
