ABOUT THE NAMESAKE – RICHARD COLLINS (1965-2020)

Rick, as he was known, was a 1983 graduate of North Allegheny High School and Franklin Park Resident. Following his time at NA, Rick graduated from the University of Pittsburgh in 1987 with a degree in Business. While his professional career was a large commitment in his life, his family was his highest priority and his support, love, and kindness for his immediate and extended family was unwavering. This surviving family currently includes his wife (Jackie) and children (Jake and Shelby) along with his five sisters (Jean, Margot, Kathleen, Dawn, and Jill) and parents (Dick and Anne) that still reside within the North Allegheny School District.

Rick spent 29 years working and advancing through the ranks at Pfizer eventually being named Oncology Area Business Manager for all territory in the state of Florida and Puerto Rico. His personality was one of strength, resolve, humor, and integrity. He was known for saying "I may not be the smartest person in the room, but I'll be the hardest working!" Despite his relentless battle with pancreatic cancer, he continued to display his witty personality and support his passions – his family and soccer. This was most evident when he would watch his son and his North Allegheny nephews (Jamie & Josh Luchini and Matt Mihm) play the game he loved. This yearly scholarship will honor these passions, his life, and our memories of him.
