

Fall 2022 Sports Registration Information

Fall 2022 Sports Registration for 7th – 12th grade will be open at www.familyid.com beginning **June 1, 2022**

Beginning June 1, under “Find a Program”, type in “North Allegheny” and you will find the **Fall 2019 Athletic Pre-Participation Sports Registration (7th through 12th Grade)** site. If you already registered a student for the All-Skills Summer Recreation Program or played a sport during past sports seasons, the process is very simple because your family’s account is already set-up and your student’s information may already be entered. You will simply need to update grade, contact information and health history before saving your information.

There are (4) requirements that must all be completed by Wednesday, August 3rd in order for a student to try out for a fall sport.

1. The **on-line registration** must be completed on the familyid.com website. Please go to www.familyid.com and login to your account with your e-mail and password (you would have already set this up if you registered for a program before). You will need to create an account if you have never used Family ID before. Once logged in, go to “Find Programs” and type in “North Allegheny”. You will see “**Fall 2022 Athletic Pre-Participation Sports Registration (7th through 12th Grade)**” site. Click on that site to complete the registration.

Please only select one sport when registering. If a student plans to try out for soccer for example, and does not make the team, we can switch the sport in your Family ID registration to cross country at your request. A new registration is not required, just notify our office and we will make the change. If a student tries out for a fall sport, doesn’t make the team and doesn’t want to play another fall sport, we will refund the participation fee in the same format it was paid to us. For example, if you paid via credit card or PayPal account, that money will be refunded to your account or card. If you paid via check, the check will be returned to you.

If you would like help with the registration process, please contact the athletic office at 724-934-7238 or the FamilyID help line at 1-888-800-5583 x1.

2. The **Physician’s Form (Sections 7)** must be submitted with the registration by Wednesday, August 3rd. The physical can be uploaded when you do the online registration on the Family ID site or submitted by dropping off to the office (office located across the gym in the senior high school) or mailing to the athletic office (North Allegheny Senior High, Attn: Athletic Office, 10375 Perry Highway, Wexford, 15090). If you upload the physical to the online registration, you do not need to submit a hard copy or original to our office. The electronic copy suffices. Please note that turning your child’s physical into the nurse’s office at the school they attend does not fulfill this requirement. Schools do not share health information between other schools/departments. Also, you only need to submit the physical once per school year to our office. We keep physicals on file for the school year.

The physical must be dated **on or after June 1, 2022**. We will be unable to accept a physical with an earlier date. For example, if your son or daughter had a physical done in March 2022, and your doctor is willing to review the physical from that exam date and update the form with the current date, then that is also acceptable. Just as long as the physical has a current date. We are asking for an “Authorized” date of the physical, not the actual physical date.

3. **Baseline Concussion Testing** – – Please reference the separate document containing the baseline concussion testing information for dates and times. All testing takes place at the senior high school (rooms #242). If you are unable to attend any of the free sessions, you will need to have your child tested at a UPMC Concussion Clinic (Cranberry or South Side location). **We do not accept baseline tests from Pediatrician offices, only outside tests performed at the UPMC Concussion Clinics are accepted.** If your child is tested at a UPMC concussion clinic, please notify our office so that we can transfer your child's results to our database. We will not be able to see that your son/daughter had the test if it was taken outside of North Allegheny. Our database only gives our UPMC trainers the ability to view and access baseline tests that were done here at NASH. We can transfer results into the database with the Passport ID information that you will need to provide to us. Here is the link to use to register for a baseline concussion test through the UPMC Concussion Clinic:

- <https://www.upmc.com/services/...>

No registration is necessary for taking the baseline concussion test at North Allegheny and the test takes about forty to forty-five minutes. ALL students entering 7th, 9th or 11th grade during the 2022 – 2023 school year MUST take a baseline test. Any students entering 8th, 10th or 12th grade do not need to take the baseline test (as long as they took it sometime during their 7th, 9th or 11th grade year. If not, they will need to have a test done. The Athletic Department does not have access to the database, so we are not able to confirm when your child had his/her last baseline test. Only our trainers have access to that information. You can reach our trainer, Tabitha Ryan, at tryan@northallegheny.org. There will be shuttle buses to transport students from NAI (any first loading bus), MMS (Bus #49 , 50, or 90), IMS (Bus #3), and CMS (Bus #96) directly after school to the senior high on ImPact testing dates. Students taking these shuttles will still need to arrange for transportation home from NASH at the conclusion of test. Please allow a minimum of 40 minutes for the completion of the test. **NOTE: If your child has any special accommodations regarding learning in school, please contact the athletic office to determine if any accommodations need to be met with impact testing.**

4. **Participation Fees** are required PRIOR to the start of tryouts for all Interscholastic and Club Sports. Interscholastic sports are \$75.00 and Club sports are \$25.00. The easiest and fastest way to pay this fee is on-line at the end of your child's registration process on the familyid.com website. Please choose the "Pay & Submit" tab at the end of the registration process and, at the next screen, click on "Proceed to Payment" where you can either login to your current PayPal account or pay via credit card.

If you choose not to pay online, please choose the "Pay By Check" tab at the end of the familyid.com website, and hit "Submit". You will then need to drop off a check to the Athletic Office (not at the school your child attends) prior to Wednesday, August 3rd. The website allows for financial hardships and for family caps. Those participants should select either family hardship or family cap when registering and then choose the "Pay By Check" and "Submit" tabs during the final section of the registration. If you are declaring a family hardship, please provide a written note to the athletic office. This procedure is the same as what was required in previous years.

Once we have verified that all four requirements outlined above have been satisfied, you will receive an email from our office (sent from Family ID) which will state that all requirements have been met and that nothing is outstanding for your child's registration.

This will confirm that your son/daughter will be on the list of names the coaches receive and will be eligible to participate on the first day of tryouts. This email will serve as your confirmation that all has been completed.

Please do not hand in any paperwork, physicals, or check payments to coaches or to the main office at your child's school. Anything you may need to turn in must be submitted to the Athletic Office located across from the gymnasium at the Senior High School.

Please note that submitting registration materials past the due date of August 3rd may delay your son or daughter from participating in the first day of tryouts. Please have everything submitted in a timely manner to avoid any delays.

If you have any questions, please contact Patti McClure at pmcclure@northallegheeny.org in the Athletic Office.

Thank you!
