

The Pittsburgh Volleyball Club Summer Youth Volleyball Camps and Clinics are open to all North Allegheny students. Our *All Skills Camps* are open to students grades K-8. They are designed to teach basic skills, in addition to building toward small-group and team play. Our *Individual Skill Clinics* target specific skill sets. Skills clinics are open to students in grades 4-9.

We expect and encourage beginners who have not played before; that is great! We also expect players coming in with previous experience who attended after-school programs, summer rec, or any other volleyball experience. We will train all players at the appropriate skill, ability, and experience level.

Coaches include Ryan Lundy, Dan and Teri Schall, along with a trained staff of current and former North Allegheny players. Ryan is the North Allegheny boys' middle school coach and teaches 4th grade at FES, Dan teaches at North Allegheny Senior High School and was the boys' varsity coach for 20 years, and Teri is a 5th grade teacher at Franklin who has coached volleyball at all age levels.

Where: Franklin Elementary School: 2401 Rochester Road, Franklin Park
